How to Use This Manual

The purpose of this manual is to provide step-by-step instructions for using E-SESS, the online testing program used by CTECS. It also includes information on usage of the Participant menu options and the reports contained in E-SESS.

Notes/Tips:

- Official test site administrators have access to the menu items covered in this manual. Individuals with “teacher” accounts have access to the reports but not the options listed under the **Participant** menu.
- The words “participant” and “student” are interchangeable in the E-SESS software and this manual.
- You can use CTRL-F to search the manual for specific words/phrases.

Technical questions and/or issues with using E-SESS	Robyn Marshall, rmarshall@ctecs.org , 404-994- 6534 Darren Morris, dmorris@ctecs.org , 804-543-6094 Ken Potthoff, kpotthoff@ctecs.org , 404-994-6538 Tim Withee, twithee@ctecs.org , 404-994-6535

Introduction

Students are enrolled to test by the Nevada DOE, Office of Career Readiness, Adult Learning & Education. Once the testing window opens, you will need to log into E-SESS to print test tickets. make changes to student accommodations (if necessary), and generate reports. Your students will access E-SESS with their own logins (test tickets) to take the test.

Logging into E-SESS

Returning Test Site Administrator

1. Follow the link provided in the email message <https://www.techfluency.org/esess/admin/>
2. Enter your username (email address) in the **User Name** field.
3. Enter the password in the **Password** field. (If you do not have your password, contact CTECS, rmarshall@ctecs.org or esess@pitsco.com to ask for your password to be reset.)

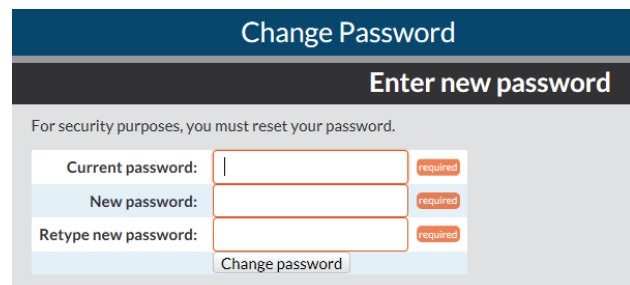

Admin Login

A diagram of the Admin Login form. It consists of a blue rounded rectangle containing two input fields. The first field is labeled "User Name" and the second is labeled "Password". Below the "Password" field is a button labeled "Log In".

4. Click the **Log In** button.

New Test Site Administrator

1. If you did not have an admin account in E-SESS previously, the first time you log in you will be prompted to change the temporary password provided to one that you create. It must be 8-characters in length. ***Make a note of the password!*** ***CTECS cannot access the password you set!***

A screenshot of the "Change Password" form. The form has a dark blue header with the text "Change Password". Below the header is a section titled "Enter new password" with a message: "For security purposes, you must reset your password." There are three input fields: "Current password:", "New password:", and "Retype new password:". Each field has a red "required" label to its right. Below the input fields is a button labeled "Change password".

2. A screen similar to the one below will display.

The screenshot shows the E-SESS Organization Selector interface. The top navigation bar is dark blue with the E-SESS logo on the left, the title "Organization Selector" in the center, and a user profile icon with the text "User Name" on the right. The left sidebar contains a link for "Organization Name" and a "Home" button. The main content area has a large heading "Welcome to E-SESS™" and a subheading "Select an organization to work with". Below this is a text input field labeled "Enter organization...". Further down, there are two sections: "Active Organizations" with a link "Active orgs listed here", and "Inactive Organizations" with a link "Inactive orgs listed here".

Important! If you had a test site administrator account in previous school years, linked to the same email address you used this year, you will have more than one organization to select from. If you need to access student-testing data from previous school year(s), select an "Inactive Organization," from the list. The admin account settings that were in place that year will remain the same.

The screenshot shows the E-SESS Home screen. The top navigation bar is dark blue with the E-SESS logo on the left, the title "Home" in the center, and a user profile icon with the text "User Name" on the right. The left sidebar contains a link for "Organization Name" and the CTECS logo (Career and Technical Education Consortium of States). The main content area has a large heading "Welcome to E-SESS®" and a paragraph of text: "Online testing is easy with E-SESS®. E-SESS is an online assessment delivered perfect for teachers, employers, colleges/universities, advisers, testing centers who needs a test delivered. E-SESS makes giving tests easier, grading quick, analyzing results simpler. E-SESS takes the stress out of the test." On the right side, there is a drop-down menu with the following options: "Logout", "Options", "Change password", and "Change organization". A callout box with an arrow pointing to the "Change organization" option contains the text: "Use this drop-down menu to log out, change your password or change to a different organization (if available)."

E-SESS Menu

The menu provides access to participants (test-takers), reports, and the Help menu.

Welcome to E-SESS™

REMINDER! To enroll students you must submit a [Test Site Administrator Registration and Agreement form](#) for the **2023-24** school year.

There are several documents that must be used for testing. These documents should be downloaded at least two weeks prior to testing by the test site administrator. The links to the documents are given below. The test site administrator must be sure that all proctors have a copy of the **Proctor Guide** and the **E-SESS Online Test Instructions**.

Changing Organizations

You have access to more than one organization. To work in an organization other than Virginia WRS, either click the organization name in the left panel, or select "Change organization" from the user menu in the top right corner.

The sole responsibility of Pitco Education, LLC, is assessment delivery and reporting of data. Assessment content is the intellectual property of the organization that prepared it. Assessment content, validity, and administration are the express responsibility of the client organization.

Test Tickets

Steps to E-mail/Print Test Tickets Report

Prior to the testing day, you will need to access E-SESS and generate the Test Tickets report. This report contains “test tickets” that allow each registered student to login and take their test. Once the report is generated, you will be able to view/e-mail/print the report and distribute the test tickets appropriately.

The Test Tickets report generates an alphabetical, block-format list of participant names and passwords. Note that only unused tickets are generated. The report is designed to be printed. Each login information block can be cut out and distributed to the participants or test proctors.

This report can be created using filters. If no filters are used, the default Test Tickets Report lists all participants.

To use the Test Tickets Report:

1. Select the **Test Tickets** report from the **Participants** menu. The Test Tickets report filters display.
2. Filter (*optional*) the report by clicking in one or more fields' text boxes.
 - a. Scroll to the desired data or key it into the blank.
 - b. Click the **drop-down arrows** to set the ranges.

The screenshot shows the 'Test Tickets' report interface. At the top, there's a header with 'Test Tickets' and a 'User Name' field. Below this is a 'Filters' section with a 'Show test tickets' button. The 'Assessments' section includes a list of assessment types: Accounting and Finance II, Accounting and Finance III, Administrative Services, Aerospace Engineering, AG MET Equipment Fabrication Systems, and AgMET Power Systems. A checkbox 'Only include accounts with assessments' is checked. The 'Other Filters' section contains various fields for filtering: Enrollment Date, Start Date, Name, Test Coordinator, District Name, District Code, School Name, School Code, School Year Code, CTE Course Names, CTE TEST CONDITION, Unique ID, and Grade Level. Each field has a 'Begin' and 'End' dropdown menu. Below the filters is the 'Report Content' section, which includes a 'Page break on' dropdown, an 'Add demographic to ticket' dropdown, and a 'Cards per page' dropdown set to 12. There are also checkboxes for 'Include assessment name', 'Truncate assessment list', and 'Print separate cards for'. A dropdown menu is open, showing a list of demographic fields: Test Coordinator, District Name, District Code, School Name, School Code, School Year Code, CTE Course Names, CTE TEST CONDITION, Unique ID, and Grade Level.

The "**Pagebreak on**" drop-down enables the report to insert a page break on designated demographic (for example, "Search by Last Name"). The login cards are then grouped by that demographic; each new demographic prints on a new page with a header listing the demographic.

You can use the "**Add demographic to ticket**" drop-down to add a demographic to each ticket. For example, you can print the CTE Course name on each test ticket.

The screenshot shows the 'Report Content' configuration window. It includes a 'Page break on' dropdown, an 'Add demographic to ticket' dropdown (which is open, showing a list of options including Test Coordinator, District Name, District Code, School Name, School Code, School Year Code, CTE Course Names, CTE TEST CONDITION, Unique ID, and Grade Level), a 'Cards per page' dropdown set to 12, and three checked checkboxes: 'Include assessment name', 'Truncate assessment list', and 'Print separate cards for'.

3. Click the **Show test tickets** button. A filtered Test Tickets Report displays.
4. Print, e-mail, or save the report as a pdf by following one of the steps below.
 - a. **(recommended)** Click the **PDF Version** button to create a pdf version of the report.
 - b. Click the **Print** button to see a printable version of the report in your browser window.
 - c. Enter an e-mail address to **e-mail** the report to yourself or someone else.

NOTE! To print a ticket for a student that previously accessed a test, uncheck the **Only include accounts with assessments** box. Filter on the student's name to get the ticket.

Test tickets contain login information for the student(s) to access the test.

Site URL:	https://www.techfluency.org/esess/
Org Name	Idaho WRA
First Name:	Cody
Last Name:	Breuer
Password:	C77777R
Assessment:	CTECS Workplace Readiness Skills
CTE Course Name:	Animal Science

If a student is enrolled with accommodations, symbols will be printed on the test ticket.

Hour glass: extra time | Headphones: audio |

The screenshot shows a test ticket with a header bar. On the left, it says 'Idaho CTE'. On the right, it says 'Nevada CTE'. Below this, the 'Site URL' is listed as 'https://www.techfluency.org/esess/'. To the right of the URL are two icons: an hourglass and a pair of headphones. An arrow points to these icons from the text above.

Current Status

The Current Status report shows the status of each student's test. This report is useful to monitor testing as it shows all students who are currently testing and how each one is progressing.

You can set the page to refresh the content by making an entry in the **Reload every ___ min** option.

Add/remove Accommodations - Edit Existing

Use this function to view and/or change demographic data for a student. Note that not everyone with an admin account in ESESS has the “rights” to make changes to demographics.

For a student to receive accommodations, the CTE Test Condition must be set to “A” prior to the student logging into the test.

Edit a Student’s Record to add/remove CTE Test Condition (accommodations):

To change demographics:

1. Select **Edit Existing** from the **Participants** menu.
2. Use the filters (optional) to see the desired group of students.
3. Click the **Show summary report** button. The list of students is displayed.
4. Click the **Edit** button.
5. Make the change to the CTE Test Condition demographic. A-accommodations / R-regular
6. Click **Submit** to save the change.

Assessment Enrollment

The Assessment Enrollment Report shows the total number of students who were enrolled for each form of the test, completed each form of the test, and passed each form of the test. This report is mainly used to verify totals for the end-of-year verification process.

To use the Assessment Enrollment Report:

1. Select **Assessment Enrollment** from the **Reports** menu. The report filters display.
2. Filter the report, if desired.
 - a. Click the assessment name to filter by a specific assessment or set of assessments. To select more than one assessment, press and hold the Control key while clicking the assessment name.
 - b. Click the + to expand the **Search By** filter.
 - c. Click the drop-down arrows to set the range.
3. Click the **Refresh** button after making selections. Updated data will be displayed.

Assessment	Enrolled	Completed	Taking Now	Passed
Digital Communications	7	0	0	0
Drafting and Design	35	11	0	2
Early Childhood Education	22	0	0	0
Ecology and Natural Resources Management	12	0	0	0
Education Assistant	7	3	0	2
Electronics Technology	25	7	0	7
Emergency Medical Technician	227	22	0	14
Firefighting	21	0	0	0

Assessment Scores

This report enables administrators quickly see what each participant scored on a particular assessment. The report also provides the date that the assessment was completed and the status (accessible or locked).

To use the Assessment Scores Report:

1. Select **Assessment Scores** from the **Reports** menu. The report filters display.
 - a. Filter the report (*optional*). Click the **drop-down arrows** to set the range.
2. Click the **Show Assessment Scores** button. The report will display.

3. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below:
 - a. Click the **Print** button to see a printable version of the report in your browser window.
 - b. Enter an e-mail address to **e-mail** the report to yourself or someone else.
 - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
 - d. Click the **PDF Output** button to create a pdf version of the report.

Assessment Statistics

The Assessment Statistics report provides data about a specific assessment. Data includes:

- number of participants who have taken the assessment
- date range of the assessment administration
- time limit for the assessment, if applicable
- minimum and maximum score possible
- low, high, mean, median, and mode scores
- standard deviation
- range and interquartile range
- lowest number, highest number, and average number of items answered
- shortest time, longest time, and average time used to complete the assessment
- score distribution by range

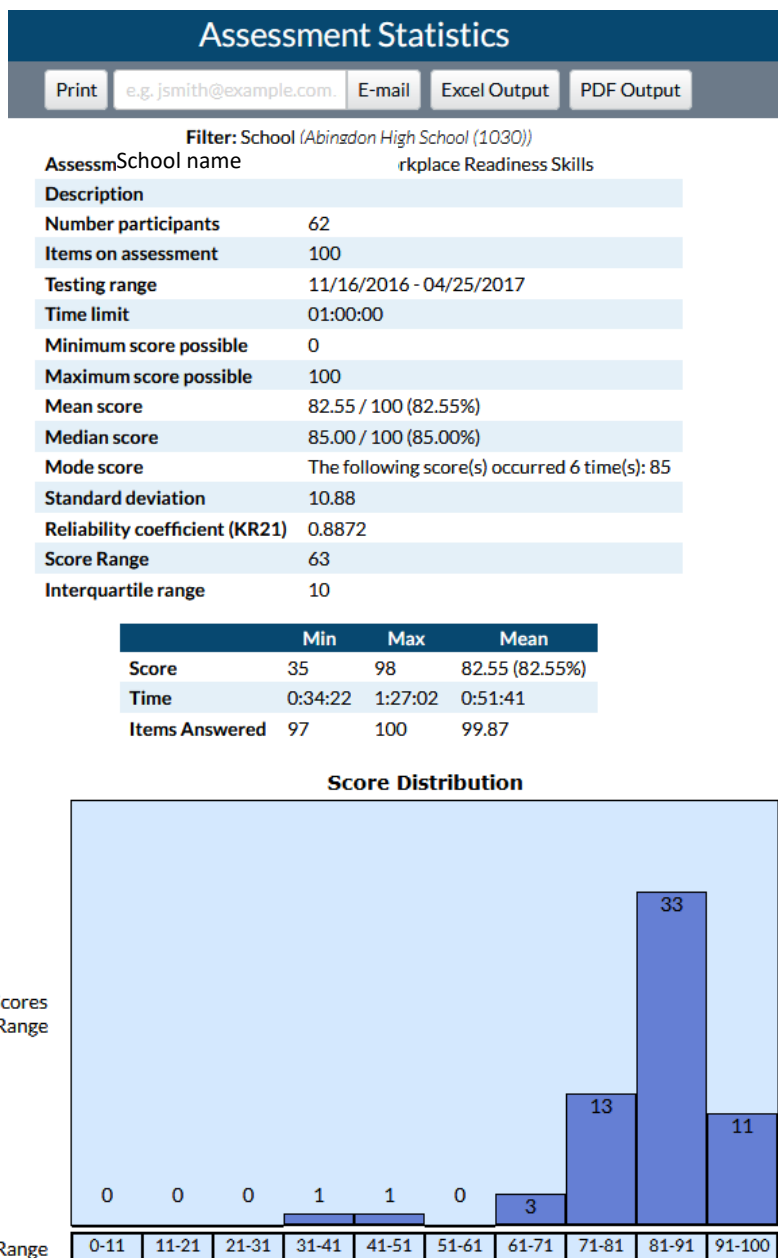

To generate the report

1. Click the **Assessment Statistics** under the **Report** menu. The Assessment Statistics report filters will display.
2. Select the appropriate assessment.

The screenshot shows the 'Assessment Statistics' report filters interface. At the top, there is a header bar with the title 'Assessment Statistics' and a user profile 'Robyn Marshall'. Below the header is a 'Filters' section with a 'Show assessment statistics' button. The main area is titled 'Assessments' and contains a list of assessment names: Accounting and Finance II, Accounting and Finance III, Administrative Services, Aerospace Engineering, AG MET Equipment Fabrication Systems, and AgMET Power Systems. Below the list is a checkbox labeled 'Use cut score for graph breakpoint'. The bottom section contains a table of filter fields with labels and input boxes.

4. Click the “Use cut score for graph breakpoint” box (*optional*).
5. Click the **Show Statistics** button. The Assessment Statistics displays.

6. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
 - a. Click the **Print** button to see a printable version of the report in your browser window.
 - b. Enter an e-mail address to **e-mail** the report to yourself or someone else.
 - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
 - d. Click the **PDF Version** button to create a pdf version of the report.

Assessment Statistics Summary

The Assessment Statistics Summary report provides data about a specific assessment. Data includes the number of participants who have taken the assessment, number of items on the assessment, the low, high, and average scores.

To use the Assessment Statistics Summary report:

1. Select **Assessment Statistics Summary** from the **Reports** menu. The Assessment Statistics Summary report filters display.

The screenshot shows the 'Assessment Statistics' interface. At the top, there is a header bar with the title 'Assessment Statistics', a help icon, and a 'User Name' field. Below this is a 'Filters' section with a 'Show assessment statistics' button. The main area is titled 'Assessments' and contains a list of assessment names: Accounting and Finance II, Accounting and Finance III, Administrative Services, Aerospace Engineering, AG MET Equipment Fabrication Systems, and AgMET Power Systems. There is a checkbox labeled 'Use cut score for graph breakpoint'. Below the list is a table of filter fields:

Grade Report

(**Note:** the Grade Report can only be generated for assessments with set cut scores. For other assessments, use the Assessment Scores Report. Refer to Page 30 for instructions.)

This report enables administrators to see the testing status of each student. **Example:** Use this report to see the assessments that have been completed or are still accessible to each student, the dates assessments were taken and the scores.

To use the Grade Report:

1. Select **Grade Report** from the **Reports** menu. The Grade Report filters display.
2. Click the button to show passing or failing scores if desired. Show all records is the default selection.

The screenshot shows the 'Grade Report' interface. At the top, there is a header bar with the title 'Grade Report' and a user profile icon labeled 'User Name'. Below this is a 'Filters' section with a 'Show grade report' button. The filters are organized into three main areas: 1. Score Selection: Three radio buttons for 'Show only passing scores', 'Show only failing scores', and 'Show all records' (which is selected). 2. Assessments: A scrollable list of assessment titles including 'Accounting and Finance II', 'Accounting and Finance III', 'Administrative Services', 'Aerospace Engineering', 'Agricultural Leadership, Communication and Policy', and 'Agricultural Mechanics Technology'. 3. Other Filters: A table of input fields for various criteria: Enrollment Date (Begin/End), Start Date (Begin/End), Name, Test Coordinator, District Name, District Code, School Name, School Code, School Year Code, CTE Course Names, CTE TEST CONDITION, Unique ID, and Grade Level.

Participant Information

The Participant Information Report shows any combination of participant information stored in the database. All demographic information, enrollment/start dates, and assessment details are accessible from this report. It is also used to extract a spreadsheet of password and assigned assessment information for each student.

To use the Participant Information report:

1. Select **Participant Information** from the **Reports** menu. The Participant Information report filters display.

The screenshot shows the 'Participant Info' report interface. At the top, there is a header bar with 'Participant Info' and a 'User Name' field. Below this is a 'Filters' section with a 'Show participant info' button. The 'Assessments' section contains a list of assessment types: (Pretest) Administrative Services, (Pretest) Agribusiness, (Pretest) Agriculture Mechanics & Power Systems, (Pretest) Animal Science, (Pretest) Applied Accounting, and (Pretest) Automated Manufacturing. There are also three checkboxes: 'Merge results into a single report', 'Display only completed assessments', and 'Display assessments that are in progress'. The 'Other Filters' section contains a table of filter fields.

Assessment Information

When assessments are included, this information will be included with each assessment.

- ☒ Assessment Score
- ☐ Assessment Start Date
- ☐ Assessment Start Time
- ☐ Billing Date
- ☐ Assessment Time Used
- ☐ Assessment Grade
- ☐ Assessment related time adjustments
- ☐ Delivery Type: Lockdown/Proctored

Fields to Display

Include All Fields

1. First Name ▾
2. Last Name ▾
3. Middle Name ▾
4. Password ▾
5. E-mail ▾
6. Team Name ▾
7. Assessments ▾
8. Enrollment Date ▾
9. Test Site Administrator ▾
10. DistrictID ▾
11. SchoolID ▾
12. School Name ▾

2. Filter the report (*optional*).
3. Click the **drop-down arrows** to set the range.
4. Click the **Assessment Information** checkboxes (*optional*) to select additional report information.
5. Under the “Fields to Display” heading, use **the drop-down arrows** to select the fields to show in the report. The report will always include first name and last name, but any demographics can be included. You must select the **Assessments** field to see assessment details. Repeat the data selection for each field until all desired information is listed in the fields.

6. Click the **Show participant info** button. The Participant Information report appears.
- The participants are listed in alphabetical order by last name.
- The onscreen report includes a "Demographic History" button for each participant who has had updated demographics at any point since the initial enrollment.
 - The Demographic History button opens a pop-up window documenting all demographic changes as arranged by a timeline.

Demographic
History

In this example, the CTE Test Condition was added to the student's record April 20.

Demographic History	
For: student's name	
Apr 5, 2023 – Apr 20, 2023	
Test Coordinator	Susan Roman

7. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
- Click the **Print** button to see a printable version of the report in your browser window.
 - Enter an e-mail address to **e-mail** the report to yourself or someone else.
 - Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
 - Click the **PDF Output** button to create a pdf version of the report.

Report Card

The Report Card report shows, by selected demographics, the total number of participants with pass/fail breakouts. The mean score for each demographic is displayed.

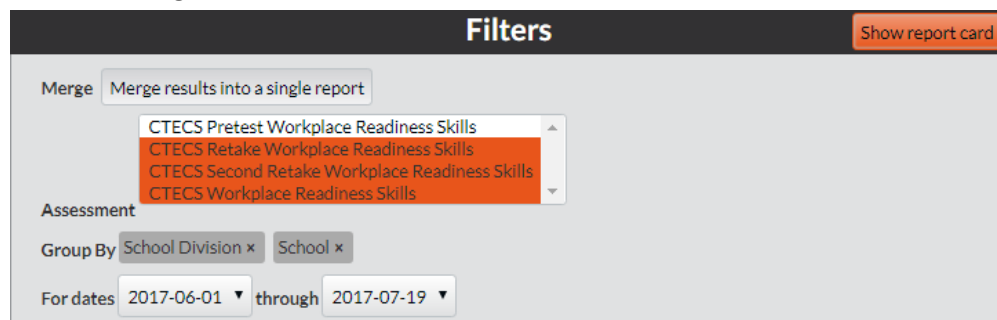

To use the Report Card report:

1. Select **Report Card** from the **Reports** menu. The Report Card filters display.

The screenshot shows the 'Report Card' interface. At the top, there is a header bar with 'Report Card' on the left and 'User Name >' on the right. Below this is a 'Filters' section with a 'Show report card' button. The filters include: a 'Merge' button labeled 'Merge results into a single report'; an 'Assessment' dropdown menu currently showing 'CTECS Pretest Workplace Readiness Skills'; a 'Group By' dropdown menu; and a date range selector with 'For dates' and 'through' dropdowns.

2. Select an assessment from the drop-down list. If results for multiple assessments are needed, click **Merge results into a single report**.
Note: Merged results returns only the most recent score for each participant. Only one score per participant is returned, regardless of how many assessments are selected.
 - a. Select the first assessment.
 - b. Multi-select the next assessment (press and hold the Control key while clicking the next assessment in the list).
3. Select a demographic from the **Group By** drop-down list. The selected demographic is recorded and a second demographic list appears.
4. Select a second demographic from the drop-down list. Two demographics must be selected for the Report Card report.
5. Set the date range.

This screenshot shows the 'Filters' section with several changes. The 'Merge' button is still present. The 'Assessment' dropdown menu is open, showing a list of four options: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', and 'CTECS Workplace Readiness Skills'. The 'Group By' section now shows two selected items: 'School Division x' and 'School x'. The date range is set to '2017-06-01' through '2017-07-19'. The 'Show report card' button is now orange.

6. Click **Show Report Card**. The Report Card report displays.

E-SESS		Report Card				User Name
		Print	Email	Excel Output		
School Division	School	Total Takers	Passed	Failed	Pass Percentage	Mean Score
	School 1	58	43	15	74.14	79.74
	School 2	38	24	14	63.16	75.42
	School 3	5	4	1	80.00	89.20
	School 4	179	154	25	86.03	84.59
<i>School Division Name</i>	Total	280	225	55	80.36	82.42

Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.

- Click the **Print** button to see a printable version of the report in your browser window.
- Enter an e-mail address to e-mail the report to yourself or someone else.
- Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
- Click the **PDF Output** button to create a pdf version of the report.

Standards Performance

This report enables administrators to view data on participant performance on each standard. Data for each participant includes a listing of the entire standard set with the number correct, number incorrect, number not attempted, and percent correct for each standard element.

To use the Standards Performance report:

1. Click **Performance** from the **Standards** menu. The Standards Performance report options and filters display.
2. Click **Select standards to report on** button.
3. Select the set of standards then click **Save**.
4. Select the Assessment.
5. Select the demographic fields that will be on the report.

The screenshot shows the 'Standards Performance' configuration page. At the top, there is a header with 'Standards Performance' and 'User Name'. Below this is a dark bar with 'Options' and a 'Show standards performance' button. The main content area is divided into three sections: 'Standards', 'Assessments', and 'Demographics'. The 'Standards' section has a 'No standards selected' message and a 'Select standards to report on' button. The 'Assessments' section has a dropdown menu with options: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. The 'Demographics' section has a 'Select demographic fields to display.' message and a dropdown menu with options: 'First Name', 'Last Name', 'Contract Number', 'School Division', 'School', and 'Test Site Administrator'. Below these sections is a 'Filters' section with three checked checkboxes: 'Include only scored items', 'Include only standards with results', and 'Accumulate results for all levels'. At the bottom is an 'Other Filters' section with a table of filter fields.

Start Date	Begin:	End:
Name		
Contract Number

Test Site Administrator		
Accommodations		
Course Code		
Teacher		
OPTIONAL-Tech Ctr/Academy		

6. Filter the report (*optional*).
 - a. Click the **checkbox** to include only scored items, include only standards with results, or to accumulate results for all levels.
 - b. Click the **drop-down arrows** to set an assessment administration date range.
 - c. Enter data into the Other Filters fields, as desired.
7. Click the **Show Standards Performance** button. The Standards Performance report displays.

 Standard Set: Workplace Readiness Skills (WRS)

Standard	Correct	Incorrect	Not Attempted	Total	% Correct
Duty A: Personal Qualities and People Skills	26	7	0	33	78.79%
Standard 1: Positive Work Ethic: Comes to work every day on time, is willing to take direction, and is motivated to accomplish the task at hand	4	0	0	4	100.00%
Standard 2: Integrity: Abides by workplace policies and laws and demonstrates honesty and reliability	5	0	0	5	100.00%
Standard 3: Teamwork: Contributes to the success of the team, assists others, and requests help when needed	2	3	0	5	40.00%

7. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
 - a. Click the **Print** button to see a printable version of the report in your browser window.
 - b. Enter an e-mail address to e-mail the report to yourself or someone else.
 - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
 - d. Click the **PDF Output** button to create a pdf version of the report.

Standards Performance Summary

This report enables administrators to see the aggregate data of all participants on each standard or skill area. The report lists the standard set and provides a graph of the percent correct for each standard element. This is very helpful when trying to improve teaching and in making remediation decisions.

To use the Standards Performance Summary report:

1. Click the **Standards Performance Summary** from the **Standards** menu. The Standards Performance Summary options and filters display.
2. Click **the Select Standards to Report On** button.
3. To select all standards in the title, click the check-box next to the standards you would like to have on the report. To expand the standards list, click on the title itself. Deselect the standards to remove them from the report.
4. Click **Save**.
