## How to Use This Manual

The purpose of this manual is to provide step-by-step instructions for using E-SESS, the online testing program used by CTECS. It also includes information on usage of the Participant menu options and the reports contained in E-SESS.

Notes/Tips:

- Official test site administrators have access to the menu items covered in this manual. Individuals with “teacher” accounts have access to the reports but not the options listed under the **Participant** menu.
- The words “participant” and “student” are interchangeable in the E-SESS software and this manual.
- You can use CTRL-F to search the manual for specific words/phrases.
- Contact CTECS when you require assistance:

For questions about:	
Registering students, E-SESS site administrator accounts, errors in the student data, and technical questions.	Robyn Marshall / Sandi Davison, <a href="mailto:rmarshall@ctecs.org">rmarshall@ctecs.org</a> . 404-994-6534
Policy, administration, reporting, test security, proctoring	Ken Potthoff, <a href="mailto:kpottthoff@ctecs.org">kpottthoff@ctecs.org</a> , 404-994-6538

## Introduction

Soon after you submit the **Test Site Administrator Registration and Agreement** form, an E-SESS administrator account is set up for you and an email sent from [esess@pitsco.com](mailto:esess@pitsco.com) with account login information.

You will need to log into E-SESS to enroll students, print test tickets, make changes to student data, and generate reports. Your students will access E-SESS with their own logins to take the test.

## Logging into E-SESS

### Returning Test Site Administrator

1. Follow the link provided in the email message <https://www.techfluency.org/esess/admin/>
2. Enter your username (email address) in the **User Name** field.
3. Enter the password in the **Password** field. (If you do not have your password, contact CTECS, [rmarshall@ctecs.org](mailto:rmarshall@ctecs.org) or [esess@pitsco.com](mailto:esess@pitsco.com) to ask for your password to be reset.)

### Admin Login

A screenshot of the Admin Login form. It features a blue border and contains two input fields: 'User Name' and 'Password'. Below the 'Password' field is a 'Log In' button.

4. Click the **Log In** button.

### New Test Site Administrator

1. If you did not have an admin account in E-SESS previously, the first time you log in, you will be prompted to change the temporary password provided to one that you create. It must be 8-characters in length. ***Make a note of the password! CTECS cannot access the password you set!***

A screenshot of the 'Change Password' form. The form has a dark blue header with the text 'Change Password'. Below the header is a section titled 'Enter new password'. A message states: 'For security purposes, you must reset your password.' There are three input fields: 'Current password:', 'New password:', and 'Retype new password:'. Each field has a 'required' label to its right. At the bottom of the form is a 'Change password' button.

2. A screen similar to the one below will display.

The screenshot shows the E-SESS Organization Selector interface. On the left is a sidebar with the E-SESS logo, Virginia WRS contact information (Tim Withee, 4046794501, virginia-wrs), and a Home button. The main area is titled 'Welcome to E-SESS™' and 'Select an organization to work with', featuring a search input field. Below this are two sections: 'Active Organizations' with buttons for 'Virginia Pilot' and 'Virginia WRS', and 'Inactive Organizations' with buttons for various VAWRS and VAWRSALT years (11-12 through 17-18).

**Important!** If you had a test site administrator account in previous school years, linked to the same email address you used this year, you will have more than one organization to select from. If you need to access student-testing data from previous school year(s), select an “Inactive Organization,” from the list. The admin account settings that were in place that year will remain the same.

The screenshot shows the E-SESS Home screen. The sidebar on the left includes the E-SESS logo, Virginia WRS contact info, and the CTECS logo (Career and Technical Education Consortium of States). The main content area says 'Welcome to E-SESS®' and provides a brief description of the platform. In the top right corner, a user menu is open, showing options: Logout, Options, Change password, and Change organization. A callout box points to this menu.

Use this drop-down menu to log out, change the password or change to a different organization (if available).

## E-SESS Menu

The menu provides access to participants (test-takers), reports, and the Help menu.

The screenshot displays the E-SESS application interface. At the top, a dark blue header bar contains the E-SESS logo on the left, the word "Home" in the center, and a user profile icon with the name "RD Marsh" on the right. Below the header, the left sidebar is titled "Virginia WRS" and contains several expandable menu sections: "Home" (with a house icon), "Standards" (with a graduation cap icon and a dropdown arrow), "Participants" (with a group of people icon and a dropdown arrow), and "Reports" (with a pie chart icon and a dropdown arrow). Each section lists its sub-items. The main content area on the right has a light blue background and features a "Welcome to E-SESS™" heading. Below this, a red "REMINDER!" box states that users must submit a "Test Site Administrator Registration and Agreement form" for the 2024-25 school year. A paragraph follows, explaining that several documents must be used for testing and should be downloaded at least two weeks prior. Below this paragraph are five underlined links: "CTECS TSA Guide", "CTECS Proctor Guide", "Using Your E-SESS Administrator Account", "E-SESS Online Test Instructions", and "IT Checklist for Administering CTECS Assessments". Further down, a "Changing Organizations" heading is followed by a paragraph explaining that users can work in multiple organizations and can switch by clicking the organization name in the sidebar or selecting "Change organization" from the user menu in the top right corner.

**Welcome to E-SESS™**

**REMINDER!** To enroll students you must submit a [Test Site Administrator Registration and Agreement form](#) for the **2024-25** school year.

There are several documents that must be used for testing. These documents should be downloaded at least two weeks prior to testing by the test site administrator. The links to the documents are given below. The test site administrator must be sure that all proctors have a copy of the **Proctor Guide** and the **E-SESS Online Test Instructions**.

[CTECS TSA Guide](#)  
[CTECS Proctor Guide](#)  
[Using Your E-SESS Administrator Account](#)  
[E-SESS Online Test Instructions](#)  
[IT Checklist for Administering CTECS Assessments](#)

**Changing Organizations**

You have access to more than one organization. To work in an organization other than Virginia WRS, either click the organization name in the left panel, or select "Change organization" from the user menu in the top right corner.

## Import

Instructions in this section should be followed if you are enrolling students directly into the E-SESS online testing system. Once students are successfully enrolled, test tickets can be generated.

If you will upload the student registration form to CTECS for processing, skip this

Note! If you need assistance importing student data, please contact CTECS. We will be happy to help you learn the instant enrollment method.

### Option 1: Common Fields - Prefill Values (

E-SESS contains a feature that allows the use of drop-down menus to select fields that were previously required to be filled in on the student registration form (Excel spreadsheet). For example, instead of entering the school division and code on each line in the student registration form, it can be selected once, from a drop-down menu. These drop-down menus are called "prefill values."

Fields available as prefill values are:

- Contract Number
- School Division
- School
- Test Site Administrator
- Course Code
- Optional-Tech Center/Academy
- Proctor Type
- Assessment

The student registration form should be downloaded from the Student Registration webpage. It contains two sheets in the file, one with the required column headings and one that contains sample column entries and instructions. Click the yellow "Instructions" tab to view the instructions. Enter student data on the sheet labeled "WRS Registrations."

**Note! Instructions in this section DO NOT APPLY if you are using the FORMER enrollment option where student registration forms are uploaded to CTECS for processing.**

## Prepare the student registration form and import the student data

1. Complete the student registration form according to instructions, except delete the columns that will not be necessary because of the prefill values you plan to use.

**IMPORTANT!** Remember, the prefill values you select will apply to every student listed on the registration form!

Note: It is not necessary to use all of the prefill values. **Example:** If you need to enroll some students for the pretest and others for the official test on the same student registration form, **do not** use the "Assessment" prefill value. Just list the test titles in the "Assessment Name 1" column on the registration form. **Example:** If students listed on the form are from two or more schools **do not** use the "School" prefill value. You should list each school on the student registration form.

2. Log in to your E-SESS account.
3. Select the **Participants** menu.
4. Select **Import**. The Import options will display.

The screenshot shows the E-SESS Participant Import interface. The top navigation bar includes 'E-SESS', 'Participant Import', and a user profile for 'Robyn Marsh'. The left sidebar contains a 'Participants' menu with an 'Import' option highlighted. The main content area is titled 'Common Fields' and contains the following text:

Please note, these common fields are optional. This step was previously known as "Prefill Values".  
You may skip to the "Import" step if you are familiar with the process.  
Select any demographic values that are common to all participants being imported. The selected demographics must be omitted from the imported spreadsheet.  
Not all fields can be set as common. Specifically, participant name and password and the demographics State Testing Identifier (STI) Number and Accommodations.

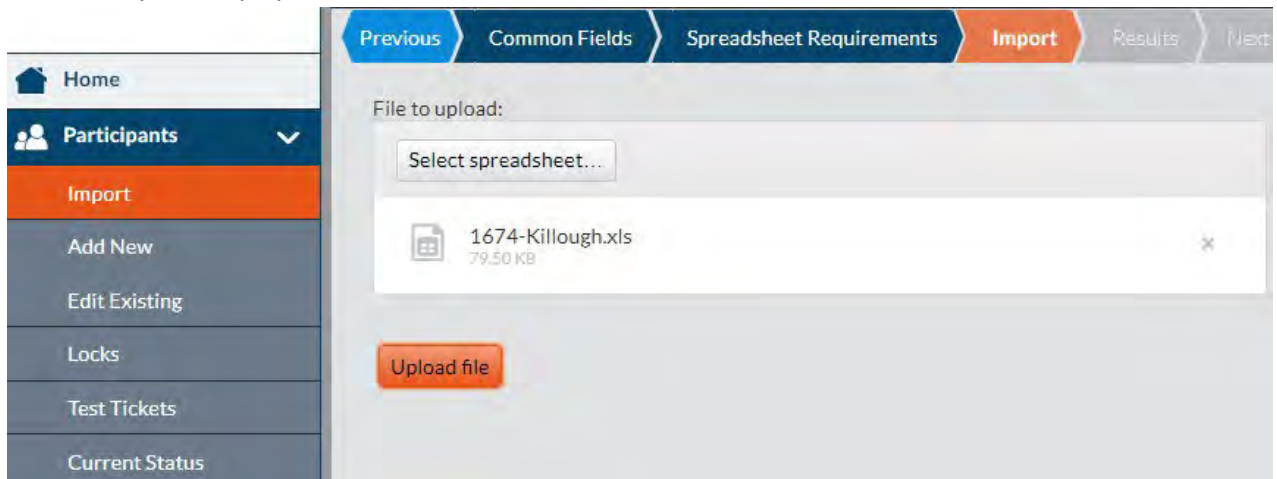

Below this text is a table with two columns: 'Demographic' and 'Common value'. The table contains the following rows:

Demographic	Common value
Contract Number	None
School Division	None
School	None
Test Site Administrator	None
Course Code	None
OPTIONAL-Tech Ctr/Academy	None
Proctor Type	None
Assessment	None

5. Click the down arrow next to each field that you would like to use and make the appropriate selection.
6. Click **Next** at the top right of the screen. An instruction screen will display.
7. Click **Next**.
8. Click the **Select spreadsheet** button and navigate to the student registration form.
9. Click **Upload file**.

10. If the import is successful, you will see a message noting this. If there are errors to be corrected, they will display.

**Updated records:** You may see a message indicating that some records were updated. This means that some students on the registration form were already present in E-SESS but their records were "updated" with the information from the student registration form. **Example:** If a student had previously been enrolled for the pretest and has just been enrolled for the official exam on the student registration form just imported, the "updated" message will display.

## Option 2: Import a Completed Student Registration Form (**bypass the Common Fields method**)

1. Complete the student registration form according to instructions.
2. Select the **Participants** menu.
3. Select **Import**. The Import options will display.
4. Click on the **Import** tab.

The screenshot shows the E-SESS Participant Import interface. The left sidebar has a 'Participants' menu with 'Import' selected. The main area is titled 'Participant Import' and 'Common Fields'. A yellow arrow points to the 'Import' tab in the breadcrumb navigation. The 'Common Fields' section contains instructions and a form with dropdown menus for 'Contract Number', 'School Division', 'School', and 'Test Site Administrator', all currently set to 'None'. A 'User Name' field is also visible.

5. Click the **Select spreadsheet** button and navigate to the student registration form.
6. Click **Upload file**.
7. If the import is successful, you will see a message noting this. If there are errors to be corrected, they will display.

The screenshot shows the E-SESS Participant Import interface at the 'Import' step. The left sidebar has 'Participants' > 'Import' selected. The main area shows a 'File to upload:' section with a 'Select spreadsheet...' button. Below it, a file named '1674-Killough.xls' (79.50 KB) is listed. An 'Upload file' button is at the bottom.

**Updated records:** You may see a message indicating that some records were updated. This means that some students on the registration form were already present in E-SESS but their records were "updated" with the information from the student registration form. **Example:** If a student had previously been enrolled for the pretest and has just been enrolled for the official exam on the student registration form just imported, the "updated" message will display.

## Correcting Errors on the Student Registration Form

Below are examples of error messages you may see.

Use this information along with other resources provided on the CTECS website (the school division and school code and course code documents) to correct the student registration form. Then, try the import again.

The screenshot shows a window titled "Participant Import" with a sub-header "Options" and an "Import" button. The main content area has a pink background and contains the following text:

**Errors occurred with import. Found 2 rows with errors. No changes were made.**

**Row 2**

- The value "101888888" is not a valid State Testing Identifier (STI) Number. It must consist of the digits "101" followed by 7 digits.
- The value "7777" is not a valid Course Code.
- The value "yes" is not a valid Accommodations. A possible match is: "x"
- The value "x" is not a valid LEP or SWD. Some possible matches are: "LEP" and "SWD"
- The value "Thomas Dale High (0610)" is not a valid School.
- The value "CTECS Workplace Readiness Test" is not a valid assessment.

**Row 6**

- The value "3004" is not a valid Contract Number.

---

**Global**

- There was 1 invalid Course Code entry. **Error occurred on row 2.**
- There was 1 invalid Accommodations entry. **Error occurred on row 2.**
- There was 1 invalid LEP or SWD entry. **Error occurred on row 2.**
- There was 1 invalid School entry. **Error occurred on row 2.**
- There was 1 invalid Contract Number entry. **Error occurred on row 6.**

Occasionally there are "hidden" values in the spreadsheet cells. If errors are noted on rows that ***appear to be blank*** on the registration form, select and delete the rows.

To quickly delete all blank rows:

1. Select the first blank row to be removed.
2. Press the keys Shift/Ctrl then the down arrow key.
3. Right click and select "Delete" from the pop-up menu.
4. Save the file (preferably under a new file name to retain original data).

## Add New

Use this form to enroll a **new** participant (student) that, for example, was left off the registration form that was previously processed. This form **CANNOT be used to change student information or to add another form of the assessment to a student's account**. Use the **Edit Existing** option on the **Participants** menu to make changes to the demographic data for a **currently enrolled student** or to add an additional form of the test to a student's account. For example, use the **Edit Existing** options on the **Participants** menu report to add a retake to a student's account.

If you have more than a few new participants to enroll, it is more efficient to enter the required data on the student registration form (Excel) provided on the CTECS website.

To add a new student:

1. Complete the required fields.
2. Click the **Create new participant** button. You will see the “successfully created” message or an error message.

## Edit Existing

Use this function to view and/or change demographic data for a student and/or to add a “form” of the test to a student’s account. **Example:** If a name is misspelled, it can be corrected here. You can change the teacher name, course code, school, SWD designation, Proctor Type, etc. The only thing you cannot do is change the STI, because that field is locked. If a student’s STI needs to be corrected, contact CTECS for assistance.

### Edit a Student’s Record: Change Demographics / Assign or Unassign Assessments

To change demographics:

1. Select **Edit Existing** from the **Participants** menu.
2. Use the filters (optional) to see the desired group of students.
3. Click the **Show summary report** button. The list of students is displayed.
4. Click the **Edit** button to edit demographics.

To assign/unassign a form of the WRS assessment:

1. Select the **Edit Existing** from the **Participants** menu.
2. Use the filters (optional) to see the desired group of students.
3. Click the **Show report** button. The list of students is displayed.
4. Select an **Assign** button. A screen similar to the one below will display.

Select the assessment(s) for

Traditional Assessment      student name      password

\*\*      1)CTECS Pretest Workplace Readiness Skills

☐      2)CTECS Retake Workplace Readiness Skills

☐      3)CTECS Second Retake Workplace Readiness Skills

☒      4)CTECS Workplace Readiness Skills

☐      5)WRS Sample

5. Check or uncheck a test title. (\*\* indicates the test has been taken.) The assessment is assigned/unassigned immediately and a test ticket can be generated.

## Assign/Unassign Assessments to a Group of Students

To assign/unassign assessments to a group:

1. Select **Edit Existing** from the **Participants** menu.
  2. Use the filters (optional) to list the desired group of students.
  3. Click the **Show summary report** button. The list of students is displayed.
  4. Click an **Assign** button. The Assign Assessments menu will display.
  5. Click the button next to **Select a single assessment**
  6. Select the assessment to be assigned or unassigned, from the drop-down menu.
  6. Use the **Filter Participants** options to select the desired participants.
  7. You can click **Assign all displayed participants** or **Un-assign all displayed participants** or click the box next to students' names to manually select/deselect.
- The assessment is assigned/unassigned immediately. So if you assigned WRS retakes, tickets for retakes are immediately available in E-SESS.**

## Test Tickets

### Steps to E-mail/Print Test Tickets Report

Prior to the day of the test, you will need to access E-SESS and generate the Test Tickets report. This report contains “test tickets” that allow each registered student to login and take their test. Once the report is generated, you will be able to view/e-mail/print the report and distribute the test tickets appropriately.

The Test Tickets report generates an alphabetical, block-format list of participant names and passwords. Note that only unused tickets are generated. The report is designed to be printed. Each login information block can be cut out and distributed to the participants or test proctors.

This report can be created using filters. If no filters are used, the default Test Tickets Report lists all participants.

To use the Test Tickets Report:

1. Select the **Test Tickets** report from the **Participants** menu. The Test Tickets report filters displays.

The screenshot shows the 'Test Tickets' interface. At the top, there's a header bar with the title 'Test Tickets' and a help icon. Below this is a 'Filters' section with a 'Show test tickets' button. The 'Assessments' section includes a list of assessment types: CTECS Pretest Workplace Readiness Skills, CTECS Retake Workplace Readiness Skills, CTECS Second Retake Workplace Readiness Skills, CTECS Workplace Readiness Skills, and WRS Sample. A checkbox 'Only include accounts with assessments' is checked. The 'Other Filters' section contains a table of filter fields:

Filter Field	Begin:	End:
Enrollment Date	<input type="text"/>	<input type="text"/>
Start Date	<input type="text"/>	<input type="text"/>
Name	<input type="text"/>	
Contract Number	<input type="text"/>	
School Division	<input type="text"/>	
School	<input type="text"/>	
Test Site Administrator	<input type="text"/>	
Accommodations	<input type="text"/>	
Course Code	<input type="text"/>	
Teacher	<input type="text"/>	
OPTIONAL-Tech Ctr/Academy	<input type="text"/>	

Below the filters is the 'Report Content' section. It includes a 'Page break on' dropdown, a 'Cards per page' dropdown set to 12, and three checkboxes: 'Include assessment names' (checked), 'Truncate assessment list if it's too long' (checked), and 'Print separate cards for each assessment' (checked).

2. Filter the report by clicking in one or more fields' text boxes.
  - a. Scroll to the desired data or key it into the blank.
  - b. Click the **drop-down arrows** to set the ranges.

The "**Pagebreak on**" drop-down enables the report to insert a page break on designated demographic (for example, "Search by Last Name"). The login cards are then grouped by that demographic; each new demographic prints on a new page with a header listing the demographic.

3. Click the **Show test tickets** button. A filtered Test Tickets Report displays.
4. Print, e-mail, or save the report as a pdf by following one of the steps below.
  - a. (*recommended*) Click the **PDF Version** button to create a pdf version of the report.
  - b. Click the **Print** button to see a printable version of the report in your browser window.
  - c. Enter an e-mail address to **e-mail** the report to yourself or someone else.

Test tickets contain login information for the student(s) to access the test.

## Locks

When a student is registered for more than one form of the VA WRS (forms include: WRS Assessment, WRS Pretest, or WRS Retake) only one password is issued providing access to all three. Therefore, measures should be taken to prevent students from logging into E-SESS and taking the test on their own. As the test site administrator, this is part of your responsibility as agreed to in the Test Site Administrator Registration and Agreement form.

E-SESS has a **Participant Lock** feature. The Participant Lock should be used if students have been provided with a test login password and are enrolled in more than one form of the test. If students have taken the Pretest and try to access the official test within 9 calendar days, the system will automatically prevent them from testing. The same is true for Retakes except it is 14 calendar days. But from day 15 on, a student can access the “next” test unless the test site administrator has locked the participant out of the test.

You can lock or unlock a selected group of students by filtering by student last name or by school. **CTECS requests that you lock/unlock all participants. We will not be held responsible if a student takes a test on their own.** Instructions on how to control Participant Locks are provided below.

Please contact CTECS if you have any questions.

To use the Participant Locks:

1. Select **Locks** on the **Participants** menu. The Participant locks filters display.

The screenshot displays the 'Participant Locks' interface. At the top, there is a dark blue header with the text 'Participant Locks'. Below this is a dark grey bar with the word 'Filters' in white, and a 'Show locks' button on the right. The main content area is light grey and contains two sections: 'Assessments' and 'Other Filters'. The 'Assessments' section has a dropdown menu with the following options: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. The 'Other Filters' section is a dark grey sidebar with a list of filters: 'Enrollment Date', 'Start Date', 'Name', 'Contract Number', 'School Division', 'School', 'Test Site Administrator', 'Accommodations', 'Course Code', 'Teacher', 'OPTIONAL-Tech Ctr/Academy', and 'Proctor Type'. To the right of each filter is a corresponding input field, mostly with 'Begin:' and 'End:' date pickers, and some with text boxes.

2. Filter the report, if desired.
  - a. Click the assessment name to filter by a specific assessment or set of assessments. To select more than one assessment, press and hold the Control key while clicking the assessment name.
  - b. Click the drop-down arrows to set the range.
3. Click **Show Locks**. The list of students and assessments is displayed.

## Assessment Enrollment

The Assessment Enrollment Report shows the total number of students who were enrolled for each form of the test, completed each form of the test, and passed each form of the test. This report is mainly used to verify totals for the end-of-year verification process.

To use the Assessment Enrollment Report:

1. Select **Assessment Enrollment** from the **Reports** menu. The report filters display.
2. Filter the report, if desired.
  - a. Click the assessment name to filter by a specific assessment or set of assessments. To select more than one assessment, press and hold the Control key while clicking the assessment name.
  - b. Click the + to expand the **Search By** filter.
  - c. Click the drop-down arrows to set the range.
3. Click the **Refresh** button after making selections. Updated data will be displayed.

The screenshot displays the 'Assessment Enrollment Report' interface. At the top, there is a title bar with the text 'Assessment Enrollment Report' and a right-pointing arrow. Below this is a 'Filters' section with a 'Refresh' button on the right. The filters are organized into a list with expandable sections: '+ Search by Enrollment Date', '+ Search by Contract Number', '- Search by School Division' (which is expanded to show a dropdown menu with options: 'no value', 'Albemarle County (002)', 'Alexandria City (101)', and 'Alleghany County (003)'), '+ Search by School', '+ Search by Test Site Administrator', '+ Search by Teacher', '+ Search by State Testing Identifier (STI) Number', '+ Search by Accommodations', '+ Search by LEP or SWD', and '+ Search by Course Code'. Below the filters is a checkbox labeled 'Include expired assessments'. At the bottom of the interface is a table with the following data:

Assessment	Enrolled	Completed	Taking Now	Passed
CTECS Pretest Workplace Readiness Skills	315	312	0	--
CTECS Retake Workplace Readiness Skills	27	22	0	17
CTECS Second Retake Workplace Readiness Skills	4	4	0	2
CTECS Workplace Readiness Skills	319	313	0	289

## Assessment Scores

This report enables administrators to quickly see what each participant scored on a particular assessment. The report also provides the date that the assessment was completed and the status (accessible or locked).

To use the Assessment Scores Report:

1. Select **Assessment Scores** from the **Reports** menu. The report filters display.
2. Filter the report (*optional*).
  - a. Click the **+** to expand the filter.
  - b. Click the **drop-down arrows** to set the range.
3. Click the **Show Assessment Scores** button. The report will display.

The screenshot displays the 'Assessment Scores' report interface. At the top, there is a header bar with the title 'Assessment Scores', a help icon (question mark in a circle), and the user name 'Robyn Marsh' with a right arrow. Below the header is a 'Filters' section with a 'Show assessment scores' button. The 'Assessments' section contains a list of assessment types: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. The 'Other Filters' section includes a table with various filter categories and their corresponding input fields.

4. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below:
  - a. Click the **Print** button to see a printable version of the report in your browser window.
  - b. Enter an e-mail address to **e-mail** the report to yourself or someone else.
  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.

## Assessment Statistics

The Assessment Statistics report provides data about a specific assessment. Data includes:

- number of participants who have taken the assessment
- date range of the assessment administration
- time limit for the assessment, if applicable
- minimum and maximum score possible
- low, high, mean, median, and mode scores
- standard deviation
- range and interquartile range
- lowest number, highest number, and average number of items answered
- shortest time, longest time, and average time used to complete the assessment
- score distribution by range

To generate the report

1. Click the **Assessment Statistics** under the **Report** menu. The Assessment Statistics report filters will display.

The screenshot displays the 'Assessment Statistics' report interface. At the top, there is a blue header bar with the title 'Assessment Statistics' on the left and a 'User Name' field on the right. Below the header is a dark grey bar labeled 'Filters' on the left and a 'Show statistics' button on the right. The main content area is light grey and contains a section titled 'Assessments' with a list of five items: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. Below this list is a checkbox labeled 'Use cut score for graph breakpoint'. Underneath the checkbox is a dark grey box containing a list of search filters, each preceded by a plus sign: '+ Search by Enrollment Date', '+ Search by Start Date', '+ Search by Last Name', '+ Search by Contract Number', '+ Search by School Division', '+ Search by School', '+ Search by Test Site Administrator', '+ Search by Teacher', '+ Search by State Testing Identifier (STI) Number', '+ Search by Accommodations', '+ Search by LEP or SWD', and '+ Search by Course Code'.

2. Select the appropriate assessment.
3. Filter the report, if desired.
  - a. Click the assessment name to filter by a specific assessment or set of assessments. To select more than one assessment, press and hold the Control key while clicking the assessment name.
  - b. Click the + to expand the filter.
  - c. Click the drop-down arrows to set the range.
4. Click the “Use cut score for graph breakpoint” box (*optional*).
5. Click the **Show Statistics** button. The Assessment Statistics displays.

## Assessment Statistics Summary

The Assessment Statistics Summary report provides data about a specific assessment. Data includes the number of participants who have taken the assessment, number of items on the assessment, the low, high, and average scores.

To use the Assessment Statistics Summary report:

1. Select **Assessment Statistics Summary** from the **Reports** menu. The Assessment Statistics Summary report filters display.

The screenshot shows the 'Assessment Statistics Summary' report interface. At the top, there is a dark blue header bar with the title 'Assessment Statistics Summary' on the left and a user profile box on the right containing 'User Name' and 'Marshall, Robyn >'. Below the header is a dark grey bar with the word 'Filters' in white and a button labeled 'Show statistics summary' on the right. The main content area is light grey. On the left side of this area, there is a section titled 'Assessments' with a list of five items: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. Below this list is a dark blue box containing a list of search filters, each preceded by a '+' sign: '+ Search by Enrollment Date', '+ Search by Start Date', '+ Search by Last Name', '+ Search by Contract Number', '+ Search by School Division', '+ Search by School', '+ Search by Test Site Administrator', '+ Search by Teacher', '+ Search by State Testing Identifier (STI) Number', '+ Search by Accommodations', '+ Search by LEP or SWD', and '+ Search by Course Code'.

2. Filter the report, if desired.
  - a. Click the assessment name to filter by a specific assessment or set of assessments. To select more than one assessment, press and hold the Control key while clicking the assessment name.
  - b. Click the + to expand the Search by filter.
  - c. Click the drop-down arrows to set the range.
3. Click the **Show statistics summary** button. The report displays: (see next page)

4. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
  - a. Click the **Print** button to see a printable version of the report in your browser window.
  - b. Enter an e-mail address to e-mail the report to yourself or someone else.
  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.

## CTECS Certificate

A CTECS Certificate can be generated for each student with a passing score on the WRS assessment.

To use the CTECS Certificate Report:

1. Select **CTECS Certificate** from the **Reports** menu.
2. Select one or more assessments (*optional*).
3. Filter the report (*optional*).
  - a. Click the **+** to expand the filter.
  - b. Click the **drop-down arrows** to set the range.
4. Click **Show Certificate Report**. The report displays.

The screenshot displays the 'Certificate Report' interface. At the top, there is a dark blue header with the title 'Certificate Report' and a help icon. Below this is a 'Filters' section with a 'Show certificate report' button. The 'Assessments' section shows a list of three items: 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', and 'CTECS Workplace Readiness Skills'. The 'Other Filters' section is a table with various filter categories and input fields.

- Click the **View Certificates** button. You will see a certificate for each student with a passing score.
- Use the options displayed in the browser window to download or print the certificates.

## Grade Report

(**Note:** the Grade Report can only be generated for assessments with set cut scores. For other assessments, use the Assessment Scores Report. Refer to Page 21 for instructions.)

This report enables administrators to see the testing status of each student. **Example:** Use this report to see the assessments that have been completed or are still accessible to each student, the dates assessments were taken and the scores.

To use the Grade Report:

1. Select **Grade Report** from the **Reports** menu. The Grade Report filters display.
2. Click the button to show passing or failing scores if desired. Show all records is the default selection.

The screenshot displays the 'Grade Report' interface. At the top, there is a header bar with the title 'Grade Report' and a user name field. Below this is a 'Filters' section with a 'Show grade report' button. The filters include three radio buttons: 'Show only passing scores', 'Show only failing scores', and 'Show all records' (which is selected). Under 'Assessments', there is a dropdown menu showing 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', and 'CTECS Workplace Readiness Skills'. To the right of the filters, a note states: 'Note: The Assessments and Optional Filters ("Search by" options) displayed will vary. Make selections based on your organization and demographics.' Below the filters is a section titled 'Other Filters' with a table of input fields for various criteria.

6. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
  - a. Click the **Print** button to see a printable version of the report in your browser window.
  - b. Enter an e-mail address to **e-mail** the report to yourself or someone else.
  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.

## Participant Information

The Participant Information Report shows any combination of participant information stored in the database. All demographic information, enrollment/start dates, and assessment details are accessible from this report. It is also used to extract a spreadsheet of password and assigned assessment information for each student.

To use the Participant Information report:

1. Select **Participant Information** from the **Reports** menu. The Participant Information report filters display.

The screenshot shows the 'Participant Info' report interface. At the top, there is a header bar with 'Participant Info' and a user profile for 'Robyn Marshall'. Below this is a 'Filters' section with a 'Show participant info' button. A warning message states: 'This organization has a large number of participants. If filtering is not used, this report will require an extended load time. Computers with less than 2GB of RAM may experience trouble loading the full report.' Another note mentions: 'The Excel output generates one row for each participant's assessment. Participants assigned to multiple assessments subsequently are listed in multiple rows. The Excel output may not function correctly if more than 65,000 rows are included in the report.' Under the 'Assessments' section, a list of assessment types is shown: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. Below this are three checkboxes: 'Merge results into a single report', 'Display only completed assessments', and 'Display assessments that are in progress'. The 'Other Filters' section contains a table of filterable fields with 'Begin' and 'End' date pickers for 'Enrollment Date' and 'Start Date', and text input fields for 'Name', 'Contract Number', 'School Division', 'School', 'Test Site Administrator', 'Accommodations', 'Course Code', 'Teacher', and 'OPTIONAL-Tech Ctr/Academy'.

## Report Content

### Assessment Information

When assessments are included, this information will be included with each assessment.

- ☒ Assessment Score
- ☒ Assessment Start Date
- ☐ Billing Date
- ☐ Assessment Start Time
- ☒ Assessment Time Used
- ☒ Assessment Grade
- ☒ Assessment related time adjustments

### Fields to Display

1.  ▼
2.  ▼
3.  ▼
4.  ▼
5.  ▼
6.  ▼
7.  ▼
8.  ▼
9.  ▼
10.  ▼

2. Filter the report (*optional*).
3. Click the **drop-down arrows** to set the range.
4. Click the **Assessment Information** checkboxes (*optional*) to select additional report information.
5. Under the “Fields to Display” heading, use **the drop-down arrows** to select the fields to show in the report. The report will always include first name and last name, but any demographics can be included. You must select the **Assessments** field to see assessment details. Repeat the data selection for each field until all desired information is listed in the fields.

6. Click the **Show participant info** button. The Participant Information report appears. The participants are listed in alphabetical order by last name.
  - The onscreen report includes a "Demographic History" button for each participant who has had updated demographics at any point since the initial enrollment.
  - The Demographic History button opens a pop-up window documenting all demographic changes as arranged by a timeline.

Demographic  
History

In this example, the SWD Accommodation was added to the student's record August 26.

Demographic History	
For:	
Aug 19, 2019 – Aug 26, 2019	
Contract Number	1625
School Division	Washington County (094)
School	Abingdon High School (1030)
Test Site Administrator	Mary Walker
State Testing Identifier (STI) Number	1013124080
Course Code	8175
Teacher	Lloyd-William
Aug 26, 2019 – now

School	Abingdon High School (1030)
Test Site Administrator	Mary Walker
State Testing Identifier (STI) Number	1013124080
Accommodations	SWD
Course Code	8175
Teacher	Lloyd-William

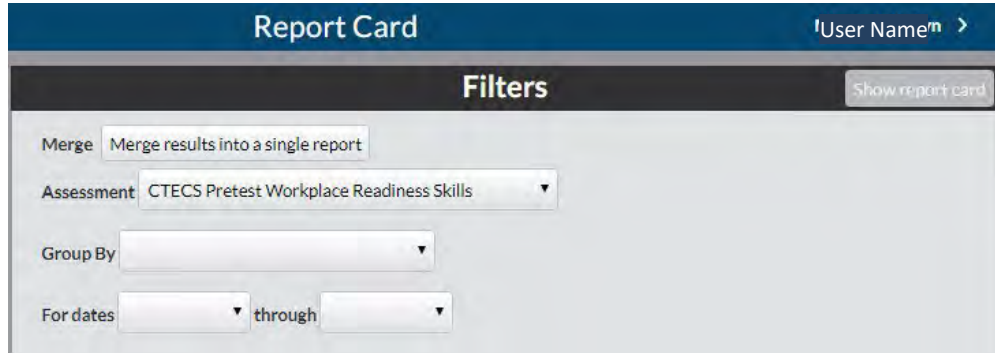

7. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
  - a. Click the **Print** button to see a printable version of the report in your browser window.
  - b. Enter an e-mail address to **e-mail** the report to yourself or someone else.
  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.

## Report Card

The Report Card report shows, by selected demographics, the total number of participants with pass/fail breakouts. The mean score for each demographic is displayed.

To use the Report Card report:

1. Select **Report Card** from the **Reports** menu. The Report Card filters display.

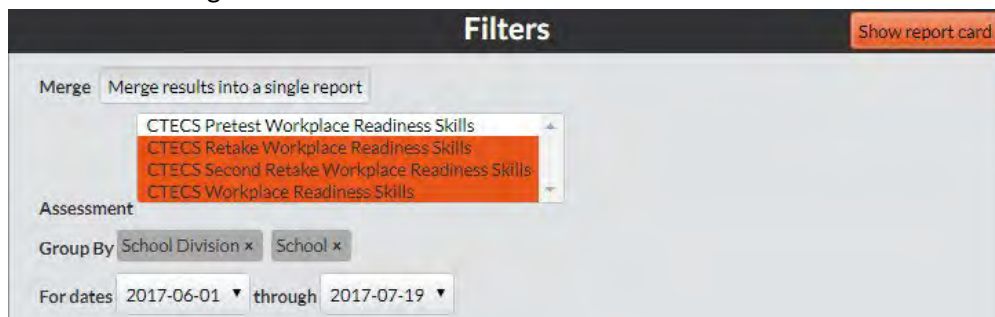

The screenshot shows the 'Report Card' interface with a 'Filters' section. The 'Merge' button is labeled 'Merge results into a single report'. The 'Assessment' dropdown is set to 'CTECS Pretest Workplace Readiness Skills'. The 'Group By' dropdown is empty. The 'For dates' section shows two empty date pickers separated by 'through'. A 'Show report card' button is in the top right corner.

2. Select an assessment from the drop-down list. If results for multiple assessments are needed, click **Merge results into a single report**.

**Note:** Merged results returns only the most recent score for each participant. Only one score per participant is returned, regardless of how many assessments are selected.

- a. Select the first assessment.
  - b. Multi-select the next assessment (press and hold the Control key while clicking the next assessment in the list).
3. Select a demographic from the **Group By** drop-down list. The selected demographic is recorded and a second demographic list appears.
  4. Select a second demographic from the drop-down list. Two demographics must be selected for the Report Card report.
  5. Set the date range.

The screenshot shows the 'Report Card' interface with the 'Filters' section. The 'Merge' button is labeled 'Merge results into a single report'. The 'Assessment' dropdown is open, showing a list of assessments: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', and 'CTECS Workplace Readiness Skills'. The 'Group By' dropdown is set to 'School Division x' and 'School x'. The 'For dates' section shows the date range '2017-06-01' through '2017-07-19'. A 'Show report card' button is in the top right corner.

6. Click **Show Report Card**. The Report Card report displays.

E-SESS		Report Card				User Name
		Print	Email	Excel Output		
School Division	School	Total Takers	Passed	Failed	Pass Percentage	Mean Score
	School 1	58	43	15	74.14	79.74
	School 2	38	24	14	63.16	75.42
	School 3	5	4	1	80.00	89.20
	School 4	179	154	25	86.03	84.59
<i>School Division Name</i>	<b>Total</b>	<b>280</b>	<b>225</b>	<b>55</b>	<b>80.36</b>	<b>82.42</b>

Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.

- Click the **Print** button to see a printable version of the report in your browser window.
- Enter an e-mail address to e-mail the report to yourself or someone else.
- Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
- Click the **PDF Output** button to create a pdf version of the report.

## Standards Performance

This report enables administrators to view data on participant performance on each standard. Data for each participant includes a listing of the entire standard set with the number correct, number incorrect, number not attempted, and percent correct for each standard element.

To use the Standards Performance report:

1. Click **Standards Performance** from the **Standards** menu. The Standards Performance report options and filters display.
2. Click **Select standards to report on** button.
3. Select the set of standards then click **Save**.
4. Select the Assessment.
5. Select the demographic fields that will be on the report.

The screenshot shows the 'Standards Performance' configuration page. At the top, there's a header with the title 'Standards Performance', a help icon, and the user name 'Robyn Marshall'. Below the header is a dark bar labeled 'Options' with a 'Show standards performance' button. The main content area is divided into three sections: 'Standards', 'Assessments', and 'Demographics'. The 'Standards' section has a 'No standards selected' message and a 'Select standards to report on' button. The 'Assessments' section shows a list of assessment options: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'. The 'Demographics' section has a 'Select demographic fields to display:' label and a list of fields: 'First Name', 'Last Name', 'Contract Number', 'School Division', 'School', and 'Test Site Administrator'. Below these sections is a 'Filters' section with three checked checkboxes: 'Include only scored items', 'Include only standards with results', and 'Accumulate results for all levels'. At the bottom is an 'Other Filters' section with a table of filter fields.

  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.

## Standards Performance Summary

This report enables administrators to see the aggregate data of all participants on each standard or skill area. The report lists the standard set and provides a graph of the percent correct for each standard element. This is very helpful when trying to improve teaching and in making remediation decisions.

To use the Standards Performance Summary report:

1. Click the **Standards Performance Summary** from the **Standards** menu. The Standards Performance Summary options and filters display.
2. Click the **Select Standards to Report On** button.
3. To select all standards in the title, click the checkbox next to the standards you would like to have on the report. To expand the standards list, click on the title itself. Deselect the standards to remove them from the report.
4. Click **Save**.

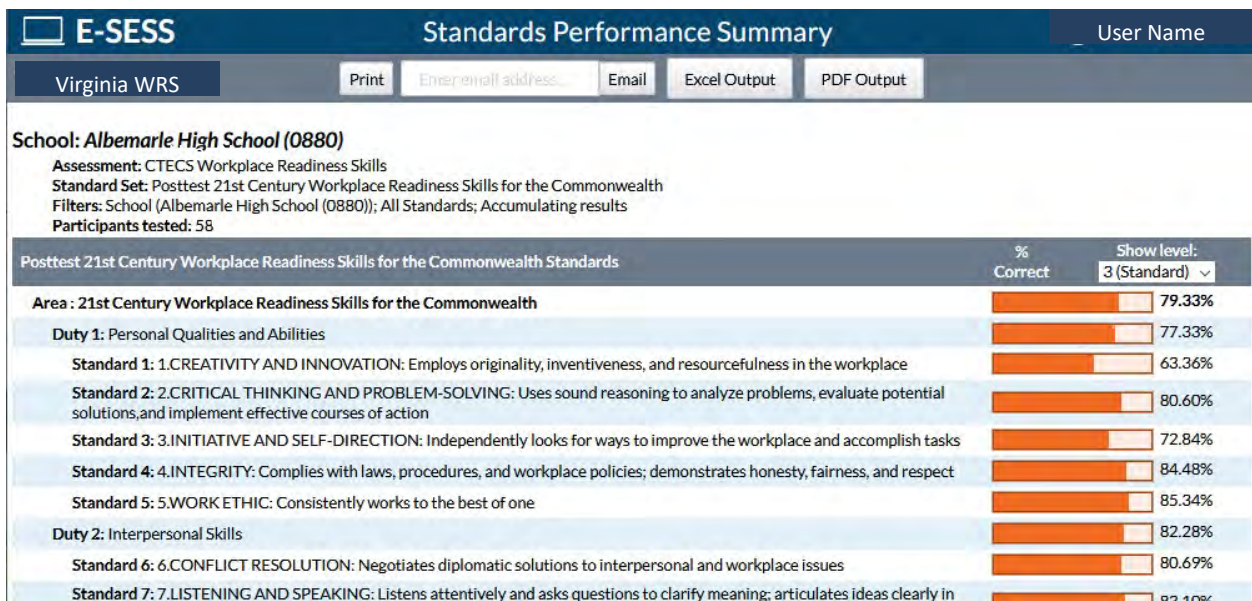

5. Select the Assessment.
6. (optional) **Group Results By** one or more demographics.
7. (optional) Make Filter selections

The screenshot displays the 'Standards Performance Summary' interface. At the top, there is a header bar with the title 'Standards Performance Summary', a help icon (?), and a right arrow. Below the header is a dark bar labeled 'Options' with a button 'Show standards performance summary'. The main content area is divided into several sections:

- Standards:** A section with the text 'No standards selected' and a button 'Select standards to report on'.
- Assessments:** A list of assessment options: 'CTECS Pretest Workplace Readiness Skills', 'CTECS Retake Workplace Readiness Skills', 'CTECS Second Retake Workplace Readiness Skills', 'CTECS Workplace Readiness Skills', and 'WRS Sample'.
- Group Results By:** A section with the text 'Grouped demographics are applied in the order added.' and a red warning note 'Adding grouping can slow down processing.' Below this is a text input field.
- Additional Options:** A section with a checkbox 'Include raw results for each standard'.
- Filters:** A section with three checked checkboxes: 'Include only scored items', 'Include only standards with results', and 'Accumulate results for all levels'.
- Other Filters:** A section with a list of filter categories on the left and corresponding input fields on the right:
  - Start Date: Begin: [dropdown] End: [dropdown]
  - Contract Number: [text input]
  - School Division: [text input]
  - School: [text input]
  - Test Site Administrator: [text input]
  - Accommodations: [text input]
  - Course Code: [text input]
  - Teacher: [text input]

8. Click **Show standards performance summary** button.
9. The Standards Performance Summary displays.

10. Set the depth of the report by clicking the drop-down arrow.
11. Print, e-mail, or save the report as a pdf or Excel file by following one of the steps below.
  - a. Click the **Print** button to see a printable version of the report in your browser window.
  - b. Enter an e-mail address to e-mail the report to yourself or someone else.
  - c. Click **Excel Output** to open the report as an Excel file. This file can be saved on your local computer and distributed as needed.
  - d. Click the **PDF Output** button to create a pdf version of the report.
